You and the Universe by Stephen Hawking

Scientist and educator Stephen Hawking spent his life trying to unravel the mysteries of the universe. But, he still had many questions—and he wanted every reader, every child, to come together to help answer them: *How can we save the planet? How can we learn to be there for one another?*

Wherever You Go (An All Are Welcome Book) by Alexandra Penfold

From the creators of the bestselling *All Are Welcome* comes a modern and inclusive picture book that celebrates the many milestones of a child's life ranging from a school play to graduation with an emphasis on kindness and community.

Ready to Soar by Cori Doerrfeld

Riley made a paper airplane and couldn't wait to let it soar. But just before the plane could take off—SQUAWK. An eagle swoops in and insists Riley's plane could never fly. It's *much* too small. So Riley makes it bigger! But just as this bigger paper airplane is ready to go, a parrot squawks that the plane is way too boring to fly. So Riley makes it fancier! Bird after bird offers advice, and Riley tries making the airplane faster longer, taller, and slimmer.

When the plane crashes to the ground after all these changes, Riley finally meets a more supportive friend . . . and rediscovers the joy and wonder of soaring.
